hydrobiologia volume 294 (1994), contents

no. 1

E. I. Paling & A. J. McComb: Nitrogen and phosphorus uptake in seedlings of the seagrass *Amphibolis antarctica* in Western Australia 1
J. Matinvesi: 133-year-old well-preserved top sediment from the Finnish Lake Höytiäinen in comparison with new top sediments 5
M. H. S. Kraak, F. Kuipers, H. Schoon, C. J. de Groot & W. Admiraal: The filtration rate of the zebra mussel *Dreissena polymorpha* used for water quality assessment in Dutch rivers 13
A. Johansson & A. N. Nilsson: Insects of a small aestival stream in northern Sweden 17
W. Janetzky: Distribution of the genus *Gammarus* (Amphipoda: Gammaridae) in the River Hunte and its tributaries (Lower Saxony, northern Germany) 23
J. Horppila: The diet and growth of roach (*Rutilus rutilus* (L.)) in Lake Vesijärvi and possible changes in the course of biomanipulation 35
K. Hamburger, P. C. Dall & C. Lindegaard: Energy metabolism of *Chironomus anthracinus* (Diptera: Chironomidae) from the profundal zone of Lake Esrom, Denmark, as a function of body size, temperature and oxygen concentration 43
M. B. Griffith & S. A. Perry: Fungal biomass and leaf litter processing in streams of different water chemistry 51
W. H. de Smet: *Lepadella beyensi* (Rotifera Monogononta: Colurellidae), a new species from the Canadian High Arctic 61
D. Dudgeon: The influence of riparian vegetation on macroinvertebrate community structure and functional organization in six New Guinea streams 65
Announcements 87

no. 2

A. Brancelj: *Pseudomoraria triglavensis* gen. n., sp. n. (Copepoda, Harpacticoida) from a high-alpine reservoir in Slovenia 89
M. Boersma & J. Vijverberg: Possible toxic effects on *Daphnia* resulting from the green alga *Scenedesmus obliquus* 99
N. Friberg, T. H. Andersen, H. O. Hansen, T. M. Iversen, D. Jacobsen, L. Krøjgaard & S. E. Larsen: The effect of brown trout (*Salmo trutta* L.) on stream invertebrate drift, with special reference to *Gammarus pulex* L. 105
D. A. Scholnick: Seasonal variation and diurnal fluctuations in ephemeral desert pools 111
H. Taleb, P. Reyes-Marchant & N. Lair: Effect of vertebrate predation on the spatio-temporal distribution of cladocerans in a temperate eutrophic lake 117
S. Repka, M. Ketola & M. Walls: Specificity of predator-induced neck spine and alteration in life history traits in *Daphnia pulex* 129
R. Kornijów & T. Kairesalo: A simple apparatus for sampling epiphytic communities associated with emergent macrophytes 141
E. Gonzalez-Rodriguez: Yearly variation in primary productivity of marine phytoplankton from Cabo Frio (RJ, Brazil) region 145
J. Kopáček & P. Blažka: Ammonium uptake in alpine streams in the High Tatra Mountains (Slovakia) 157
W. F. James, J. W. Barko & H. L. Eakin: Convective water exchanges during differential cooling and heating: implications for dissolved constituent transport 167

no. 3

V. M. Vasconcelos: Seasonal fluctuation of planktonic rotifers in Azibo reservoir (Portugal) 177
D. R. Lenat & J. K. Crawford: Effects of land use on water quality and aquatic biota of three North Carolina Piedmont streams 185
V. Sergeev: Studies of Australian cladoceran fauna: 1. The male and parthenogenetic female of *Daphniopsis queenslandensis* Sergeev, 1990 (*Anomopoda: Daphniidae*) 201
I. Kortelainen: Effects of river sediment elutriates on *Daphnia magna* 207
H. M. Dutta, A. Nath, S. Adhikari, P. K. Roy, N. K. Singh & J. S. Datta Munshi: Sublethal malathion-induced changes in the ovary of an air-breathing fish, *Heteropneustes fossilis*: a histological study 215
J. E. Rutherford & R. J. Mellow: The effects of an abandoned roast yard on the fish and macroinvertebrate communities of surrounding beaver ponds 219
D. Guiral, R. Arfi, M. Bouvy, M. Pagano & L. Saint-Jean: Ecological organization and succession during natural recolonization of a tropical pond 229
T. Penczak, A. A. Agostinho & E. K. Okada: Fish diversity and community structure in two small tributaries of the Paraná River, Paraná State, Brazil 243
T. Matsubara, F. Sugimori, K. Iwabuchi & K. Aoyama: The relation between the feeding activity of wintering Shovelers (*Anas clypeata*) and the horizontal distribution of zooplankton in Lake Teganuma, Japan 253
